CATHOLIC
COLLEGE**

Register of Business Interests and Pecuniary Interests 2017/2018

The school is required to keep a Register of Business Interests. Records have to be kept, maintained and updated each year.

It is important that anyone involved in spending public money should be able to demonstrate that they are not benefiting personally from contracts placed as a result of their personal decisions. With this in mind, both Governors and staff should declare any personal or financial links they may have with local firms or individuals, with which the school may wish to enter into contracts to buy goods or services.

Please sign below, declaring that:

Other than detailed below, neither I nor my partner or any relative have any interest in a business with which the school is likely to do business. I also undertake that in the event of me or my partner, or any relative, or other person known to me acquiring an interest in a business with which the school is likely to do business then I will declare this as soon as I become aware of it.

Please write none under declaration if you have no business interests to declare
